Leaf Super Scoops

The Big Idea

These pie-plate gloves make it a breeze to gather – and toss – a pile of leaves. Once your kids give them a try they may even volunteer to help clean up the lawn!

Things to Gather

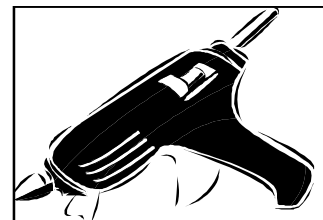

- Hot Glue Gun
- Hot glue sticks
- Two Aluminum Pie Tins
- Pair of work or garden gloves
- Optional- Permanent markers to decorate the tins

Put it Together

To make a set, use hot glue to affix aluminum pie plates to an old pair of work gloves.

Tip: Glue the palm onto the plate first, then the fingers; if you try to cover the entire glove at once, the glue may harden before you've attached the plate.
