## Bird Seed Biscuit

The Big Idea

Children can create a winter bird feeder to hang outside.

- 3/4 cup of birdseed
- Foil
- 1 tablespoon flour
- Cookie Sheet
- Water
- Straw
- Cookie cutter
- Ribbon
- Oil

Things to Gather

### Instructions:

1. The recipe makes two 3-inch biscuits or a single 4-inch biscuit. Mix together the flour, birdseed and 2 tablespoons of water.
2. Spray or wipe a cookie cutter with oil and place on a foil covered cookie sheet. Pack the mixture into the cutter, inserting half a straw near the top to create a hole for hanging.
3. Bake the biscuit (with the straw) in a 170 degree oven until the biscuit is hard, about one hour. Let it cool.
4. Remove the straw, thread a ribbon through the hole, and hang it outside in a sheltered spot.
