

Your Perspective future:

This handout is designed as a one-page summary of what students learned. At the end of each lesson they have the opportunity to fill in the sections to remind them what each lesson taught. This sheet will also allow them to keep a summarization of each lesson in their "Next Chapter".

Sections:

The "Scripture" section is designated for the key scriptures mentioned in each lesson.

The "Finish Strong" section is for the students to write how the lessons apply today, as they finish high school.

- Example for Worldview:
Share my faith with my friends using something we both like.

The "Start Well" section is for the students to write a plan for starting their next chapter well in the area mentioned.

- Example for Community:
Get active in a church home and a college ministry like BCM.

The "End Goal" section is who they want to be at the end of their next chapter, which for most is 4 or 5 years.

- Example for Decision Making:
Be a person who has scripture memorized that keeps me from debating a bad choice.

Below is a full example you can use as a guide for your students.

TITLE	SCRIPTURE	FINISH STRONG	START WELL	END GOAL
