

Welcome to the Worship and Music Ministries resources for PowerUP! We hope that your church will benefit greatly by PowerUP and that your worship ministry will be strengthened through it. Below is a brief synopsis of what each week can entail and how to involve your worship ministry to the fullest extent.

Week One Theme: Round-Up Sunday

Contact every choir member. Stress the importance of strong attendance at rehearsal and in the worship choir on Sunday. Make it a “Round-Up Sunday” for your choir rolls. Put your best foot forward in each worship experience during “PowerUP.”

Week Two Theme: Sunday School Commissioning

Work with pastor in developing a commissioning service for all Sunday School workers. Make it exuberant.

Week Three Theme: Pre-School/Children Week

Start the service with some type of drama aimed at couples with pre-schoolers and children. Involve children’s choirs in the worship service. Perhaps do a selection by themselves and one that combines children with adult choir.

Week Four Theme: Student Week

Use students to lead in prayer and scripture readings in worship service. Involve youth choir or praise team/band in worship service. Invite parents to come and pray with/over their students. Involve youth pastor in worship service.

Week Five Theme: Family Week

Encourage families to sit together in worship. Allow the choir to come out of the choir loft and sit with their families. Encourage some type of gathering for singles who have no family present. Involve families in drama, scripture, etc.

Week Six Theme: Discovery Week

Continue to build in anticipation for PowerUP Day and use music to encourage people to share their faith with others.

Week Seven Theme: PowerUP Day

Make this one of the biggest days of the year. Perhaps have multiple baptisms with testimonies of God’s grace and lots of energetic praise.

How to use this resource

A) Worship Guides have been prepared for your use. Please feel free to make them “your own” as you lead your church through this process. These worship guides are simply a guideline which you can use verbatim or alter as you choose.

B) The PowerUp theme song “Send Your Power” is available on this CD in two formats. The “Choral” version is the full song with all verses. The “Short” version is for congregational singing.

C) The Bold/Italic lettering in the right column is a listing of where each hymn, praise song, choral piece, etc. can be found:

“**BH**” – Baptist Hymnal (1991 edition)

“**PW**” – “Songs for Praise and Worship”

“**MP**” – “More Songs for Praise and Worship” or “More Songs... 2, 3”

“**G3**” – G3 Worship is a subscription-based resource. More information on the availability of these arrangements can be found at www.g3worship.com.

“**PowerUP CD ROM**” – Files may be found on the CD ROM sent to your church or contact Keith Haygood at (405) 942-3800 or khaygood@bgco.org

“**vv**” – selected verses

Suggested Choral Anthems may be checked out from the BGCO choral library by contacting the worship and music ministries office.

D) Other resources may be available as free downloads at www.bgco.org. For music resources:

- 1) go to www.bgco.org
- 2) click on “resources”
- 3) click on “worship & music”
- 4) click on “documents”
- 5) follow the prompts to your selected downloads.

E) PowerPoint files for each Sunday are also included on this CD. It is your responsibility to obtain and display your church’s CCLI license (or other licensing).
