

## **RA Racers**

It is that time a year again when you need to start thinking about the RA Races and making the cars! If your group is going to participate in the RA Races here is the information on how to purchase the materials to make the derby cars.

Visit [www.raracers.net](http://www.raracers.net) and you can purchase the car kit you will need to make your cars. You can either purchase straight from the website, you can call, or you can download an order form and send it in.
