

*Expand a child's world vision!*

**Get your kids involved in International Missions with  
Lottie Moon this Christmas.**

## **International Mission Study 2009**

This year's international mission study for children and preschoolers focuses on North Africa and it looks in depth at kids reaching other kids in North Africa. Dedicate a special Sunday or Wednesday night allowing your children to take part in this hands-on experience. This is a great resource to help jumpstart a passion for missions in your children's ministry. Who knows, it might become a tradition.

To learn more about the mission study for 2009 and/or to purchase the leader and learner guide(s) follow the link below!
