### ***What is Youth on Mission?***

Youth on Mission® is a WMU® ministry organization for teenaged students in grades 7 through 12 who are interested in missions.

### ***What do students learn in Youth on Mission?***

Each Youth on Mission group chooses activities related to some aspect of missions: Bible study, missions awareness, ministry projects, witnessing, praying, and giving. Through these experiences, students gain a greater understanding of themselves and their place in God's plan.

### ***Why does my church need Youth on Mission?***

The goal of Youth on Mission is to help students understand biblical missions concepts and to give them a means of expressing their faith through personal involvement. This enables them to become effective witnesses in their world. A comprehensive student ministry that includes Youth on Mission leads to a healthy church.

### ***Why is missions education important?***

Missions education teaches that God is active and working in the world today. It helps students understand that the world is bigger than their own community.
